**TECHNICAL DATA SHEET**

**CLEANIT**

### Product description

Cleanit is a product appositely formulated for the cleaning of painted, oxidized and polished aluminium box showers.

Its unique and exclusive formulation performs three actions in the same time:

- A) Detergency
- B) Removal of limestone residuals
- C) Protection of crystals from limestone

These actions combined together allow to obtain an optimal effect called "water slide".

Used regularly, it keeps the box shower in a perfect state increasing its duration in the time.

### Advantages

- High concentration of active substances
- High detergent power
- Effective detergent system
- Good rinsing

### Chemical-Physical properties

Classification	Mixture of detergent substances
Aspect	Yellow pale limpid liquid
pH	5,0 +/- 0,5
Density	1,007 g/cm <sup>3</sup> @ 20°C

### Applicative and dosage system

Before use, place the pump on "On".

Turn the spray in the direction of the surface to clean at c.a 20 -25 cm and press the spray lever.

Apply small amount of product on the surface, clean with a cloth or a nonabrasive sponge and then rinse.

**CLEANIT**

Surface Suitability		Efficacy towards contaminants	
Stainless steel	Suitable	Residuals of soap, shower gel shampoo and limestone	Efficace
Iron	Suitable		
Al and alloys	Suitable		
Cu and alloys	To be checked before the use		
Plastic	Suitable		
Painted	Suitable		

**Additional information**

The product can be used to clean other kind of artefacts with hard surfaces, in this case always check the surface resistance on a small area.  
Not use the product to clean plasma screens or LCD.

**Safety precautions**

Keep out of the reach of children  
Don't ingest, in case of ingestion don't provoke vomit: consult immediately the doctor and show him the container or the label.  
Never turn the spray to the face and eyes direction, in case of contact with eyes, wash with plenty water.  
Don't mix the product with other detergents, bleach or acids.  
Don't pour off and keep the product in its original container.  
Don't disperse the product in the environment after the use  
During the cleaning operations it is suggested to use protective gloves.

**Supply condition**

Labelling

**UK - ATTENTION**

Causes serious eye irritation.  
Harmful to aquatic life with long lasting effects.  
Contains d-limonene. May produce an allergic reaction.  
Keep out of reach of children.
